

Meeting 17.12.2013

What we brought:

- The security statement
- The website and the database ready to be submitted but we don't have authorization to do it.
- How exactly the trustee works?

Result:

- Give instructions to Mr Kentish to submit the database with the server owner.
- Trustees works for the government to make sure that the charity organization is working properly as a charity organization.
- Modify the ftp folder.
- Some modifications related to the security statement to be submitted in the meeting day.
- Robots exclusion protocol.
